

“Reconnecting youth and families to their community.”

Posting Date: January 5, 2012

Turning Point Youth Services, an accredited, multi service, children’s mental health centre that provides a range of residential and community based programs for at-risk youth, aged 12-24 and their families, is seeking a dynamic and forward thinking Senior Manager to provide leadership to the agency’s clinical programs and staff.

Manager, Clinical Services

Overview:

In consultation with the Executive Director, the Manager, Clinical Services develops and maintains standards of excellence in clinical programming across the organization. As a member of the agency’s senior management team, the Manager is directly responsible for providing management to the agency’s counselling program and community based youth justice services, and is also directly responsible for overseeing the work of two clinical supervisors. The Manager also provides consultation and support to the agency’s broader program management team, and assumes a leadership role in the development and implementation of clinical training, program evaluation and evidence informed approaches in support of the organization’s strategic objectives. The Manager is expected to establish and maintain a presence within the service community, and take a lead role in the development of new service initiatives.

Qualifications:

- Master’s degree in Social Work, Psychology or related graduate level education
- Minimum of 5-7 years experience in a relevant clinical management/supervisory role. Previous management experience in a unionized environment is an asset.
- Extensive knowledge of and demonstrated clinical ability in the area of evidence informed treatment approaches for adolescents, youth in conflict with the law and youth with serious mental health difficulties are requirements
- Clinical training that reflects the diversity and complexity of the individuals and families that use the agency’s services
- Demonstrated expertise in the areas of performance management including coaching and mentoring of staff
- Well developed computer skills and knowledge of client and management information systems are a requirement
- Experience with budgeting processes is an asset.
